

The Toota Group

Product Line Card

Mission-ready mobility for government and defense fleets. Polymer RunFlat systems, wheel assemblies, military-grade tires, and RunFlat lubricant. CAGE 93ST9 — SAM.gov registered, DLA supplier, JCP certified.

Static RunFlat System

Three-segment antiballistic polymer RunFlat for multi-piece demountable military wheels. 50 km or 100 km run-flat capability. Field-serviceable, ~15% lighter than comparable runflats, 10+ year service life. Hand-tool installation — no hydraulic press required.

Dynamic RunFlat System

Two- or three-segment antiballistic polymer RunFlat for single-piece wheels. 15 km to 100 km run-flat capability. Thousands in use globally. Patented locking design, no specialist tools, smooth highway performance up to 120 mph. Cars, SUVs, trucks, tactical vehicles, and trailers.

RunFlat Lubricant

Long-life RunFlat grease — the friction barrier that makes run-flat range possible. Available in 11.5 fl oz applicator tube (NSN 2640-01-419-6200, \$49.99) and 55-gallon drum (NSN 2640-01-457-5552, \$7,049.00). Applied once at installation, no in-service maintenance.

Complete Wheel Assemblies

Skip the install entirely — order complete wheel assemblies built, torqued, and ready to bolt on. RunFlat + tire + wheel, assembled at our New Jersey facility. Share your platform specs for a matched configuration.

Military-Grade Tires

Military, armored vehicle, and specialty tires sourced for government fleet applications. Matched to your RunFlat system and wheel assembly for a complete mobility solution.
